Vorrede.

Bey der Aufmerksamkeit, die man in Deutschland auf alle Gattungen von ausländischer Litteratur zu richten gewohnt ist, scheint es ein wahres Bedürfnis zu seyn, ein Handbuch von den jeztlebenden Schriftstellern jeder Nation zu besitzen, worin die Schriften derselben so zusammengestellt wären, dass man mit einem Blick übersehen kann, was der Fleis eines Mannes geleistet, welche Geistes-Werke er geliefert, wie viel er zur Aufklärung seines Zeitalters beygetragen habe, und wie gross oder gering die litterarische Industrie einer Nation in einem gewissen Zeitraum gewesen sey. Der wissenschaftliche Gelehrte würde daraus sehen, welche Wissenschaften oder welche Theile derselben bey jeder Nation vorzüglich bearbeitet worden und welche Bücher in diesem oder jenem Fach gegenwärtig bey ihr vorzüglich im Umlauf sind; dem Litterator, der die Schriftsteller aller Nationen und ihre Schriften in seine Ver-

zeichnisse einträgt, würde durch solche einzelne Sammlungen seine Arbeit sehr erleichtert, und selbst die Verbreitung und gegenseitige Mittheilung der litterarischen Produkte jeder Nation würde dadurch nicht wenig befördert werden.

Noch haben wir von keiner Nation ein solches nüzliches aber auch mühsames Werk, als von der deutschen. Für diese hat der unermüdete Fleiss *Hamberger's* und seines Nachfolgers *Meusel's* so vortreflich gesorgt, dass wir es diesen allein zu danken haben, dass mehrere Gelehrte die Schriftsteller einzelner Provinzen Deutschland's herausstellten und auf diese Art ein grosses Hülfsmittel zur Bearbeitung der Gelehrten-Geschichte einzelner deutscher Provinzen darreichten. Zu der *France litteraire* ist seit 1784 keine Fortsezung erschienen; und wie unvollkommen sind diese fünf Bände? Von Spanien hat uns *Juan Sempere* y Guarinos ein schäzbares Verzeichnis von Schriftstellern, welche unter Carl 3. lebten, gegeben, aber dieses enthält nach seinem Plan nur die vorzüglichsten. Von Italien haben wir noch keines und eben so wenig von den Nordischen Reichen. Auch die Engländer besizen von ihrer neuesten Litteratur keine ordentlichen und vollständigen Jahrbücher.

Das Verzeichnis von fünfhundert Schriftstellern, welches vor einigen Jahren in London *) herauskam, ist

*) Catalogue of five hundred celebrated Authors of Great-Britain, now living --. London. 1788. 8.

ist einem Kirchen- und Kezer-Almanach ähnlicher, als dass es einen Litterator nur einigermassen in seinen Untersuchungen befriedigen könnte. Es scheint, der Verfasser oder die Verfasser dieses Buchs stellten aus der ganzen Masse von Gross-Britannischen Schriftstellern blos diejenigen heraus, über welche sie ein richterliches Lob oder Tadel aussprechen wollten. — *Ayscough* hat sich zwar durch sein Register über 70 Bände der Monthly Review grosse Verdienste in diesem Theil der Engländischen Litteratur erworben, aber es enthält nach seiner Absicht nur diejenigen Schriften, welche in diesem Journal recensirt worden sind. Gleichwohl dürfte von keiner andern Nation ein Handbuch ihrer Neuesten Litteratur so sehr unter *uns* gewünscht werden als von der Engländischen, da ihre Schriften in Deutschland so begierig aufgenommen, übersezt und gelesen werden.

Ich habe es daher versucht hier ein solches Handbuch, das die Litteratur der Britten von den zwey lezten Jahrzehenden enthält, zu liefern. Die Unternehmung scheint für einen Ausländer kühn zu seyn; allein, wenn dieser im Besiz der meisten litterarischen Hülfs-Mittel ist, aus welchen der Britte selbst schöpfen könnte, und wenn er diese mit Fleiss und Sorgfalt gebraucht; so wird es nicht zu viel gewagt seyn, wenn er wenigstens einen Versuch macht, das zu ersezen, was die Britten selbst bis jezt nicht geleistet haben.

Der Plan dieses Handbuchs ist dieser. Nur die Schriften der Verfasser, die in dem Zeitraum von 1770–1790 geschrieben haben und noch am Leben sind, sind hier aufgenommen und unter dem Nahmen ihrer Verfasser zusammengeordnet. Die Schriftsteller, die in diesem Zeitraum gestorben sind, werden nur kurz angeführt, mit Bemerkung des Jahres ihrer Geburt, ihres Todes, wenn sie mir bekannt waren, und des Amts, welches sie bekleideten. Bey manchen wird freilich der Wunsch entstehen, dass auch die Schriften, der in diesem Zeitraum gestorbenen Gelehrten hätten angeführt werden sollen, allein diese gehören, so wie die Lebensbeschreibungen für das *Joecher - Adelungische* Gelehrten - Lexicon, und auch diese aufzunehmen würde der Kürze, die ich mir vorsezen musste, nicht entsprechen.

Schriftsteller, welche blos ein Specimen inaugurale vor ihrem Abgang von der Universität, oder Prediger, welche nur einzelne Predigten in Druk gegeben haben, habe ich eben so wenig hier aufgenommen, als diejenigen, welche in diesem Zeitraum ihre litterarische Existenz nicht durch eine Abhandlung erwiesen haben. Teutsche Uebersezungen habe ich sorgfältig angemerkt, aber keine aufgenommen, welche in ausländischen Sprachen gemacht worden sind.

Gelehrte von andern Nationen, unerachtet sie in Engländischer Sprache Abhandlungen geschrieben haben,

ben, ſind hier, wenn es mir bekannt war, nicht aufgenommen, ſondern zu den Schriftſtellern ihrer Nation gerechnet worden.

Die Preiſe der Bücher beyzufügen, ſchien mir in gedoppelter Hinſicht nüzlich, einmal, um Liebhabern der Engländiſchen Litteratur, welche ſich darinn Bücher anſchaffen wollen, den Weg dazu zu erleichtern, zweytens, um unſere teutſchen Buchhändler mehr aufzumuntern, Engländiſche Bücher in ihre Buchladen aufzunehmen und dadurch die Lectüre derſelben bey uns mehr auszubreiten.

Den Vorwurf der Unvollſtändigkeit fürchte ich um ſo weniger, da Vollſtändigkeit bey einem *Verſuch* dieſer Art beinahe unmöglich iſt. Ich bin es auch ſelbſt überzeugt, daſs aller angewandten Aufmerkſamkeit und Sorgfalt unerachtet, mir manche Abhandlung entgangen ſeyn, mancher Irrthum ſich eingeſchlichen haben mag, welcher nur durch oftmals wiederholte Durchſicht und durch anhaltenden, Jahre lang fortdauernden, Fleiſs verbeſſert werden, und einen höhern Grad der Vollkommenheit erreichen kann. Daſs ich alles genuzt, was ich vor mir hatte, die Kritiken der Bücher ſelbſt geleſen und die in Geſellſchafts-Schriften zerſtreueten Abhandlungen mühſam aufgeſucht und zu ihren Verfaſſern geſtellt habe, wird man beinahe auf jeder Seite ſehen. Anonymiſche Schriften ſind, wenn ſie mir bekannt wurden, zu ihrem Verfaſſer geſezt und zum Unterſchied mit

einem Sternchen bezeichnet. Am mühsamsten war mir, gewiss zu erfahren, ob ein Schriftsteller noch lebt und aufzufinden, in welchem Jahr er gestorben ist, denn die Britten sind in diesem Theil der Litterargeschichte sehr sorglos. Daher kann auch öfters der Fall eintreten, dass ich hier einen Schriftsteller noch unter den lebenden aufzähle, welcher schon längst in eine andere Welt übergegangen ist. Ich wage daher an alle, welche Engländische Litteratur lieben, die Bitte, mich mit Beyträgen und Berichtigungen zu unterstüzen, um in Supplement-Bänden nicht allein die neueste Litteratur fortzusezen, sondern auch die Fehler, welche sich hier eingeschlichen haben möchten, zu verbessern. Mit dem innigstem Dank werde ich jedes, was zur Verbesserung dieses Versuchs der Engländischen Gelehrten-Geschichte in diesem Zeitraum dienen kann, aufnehmen, so wie ich die thätige Unterstüzung drey, mir sehr verehrungswürdigen, Freunde, des H. D. *Girtanner*, in Göttingen, H. Hof-Med. D. *Hufeland* in Weimar und H. D. *Kapp* in Leipzig lebhaft und dankbarlichst erkenne.
